Labeling & Traceability

We develop and produce high quality nameplates, self-adhesive and security type labels for technical industries according to IATF 16949 (includes ISO 9001). In addition to durable labels, we also offer tailor-made print and apply systems. This ensures system solutions from one source. Experience and technical know-how have enabled us to label difficult substrates automatically and permanently. Turn our knowledge into your profit!

Labels with authentic UL certification
