## **CCL Design Stuttgart changes 'Form of Organization' and 'Address'**

Dear Ladies and Gentlemen,

in the beginning of 2018 we had already announced the company relocation to Nufringen.

The last few months have been very busy. In the meantime, the whole logistics and administration is located at the new location in Nufringen. Part of the production has already been moved. We produce with existing tools and production equipment under the same process steps. By the end of the year, the final transfer of production to Nufringen should be completed.

With the change of location, the CCL Group has also initiated a change in the form of organisation. It is only a change of form from AG into GmbH, thereby the CCL Design Stuttgart GmbH assumes all rights and obligations of the existing AG and all current contracts and agreements remain valid. Unfortunately this modification changes our registration number - this is now **HRB766856**.

The bank accounts, VAT ID number and D-U-N-S number (327647418) do not change.

From now on: Please use the following order-, delivery- and invoice address:

**CCL Design Stuttgart GmbH**

**Carl-Benz-Straße 4**

**71154 Nufringen**
