Print Labels Quickly
Print labels fast—up to 5 inches per second (ips)—with the powerful 32-bit processor and its large memory for quicker processing and support for more graphics and longer labels.

Customize to Meet Your Needs
Equipped with a standard moveable sensor, the printer can handle a wide range of custom and Genuine Zebra supplies, and ensure consistent registration. Choose between standard 203 dpi or optional 300 dpi resolution for applications requiring finer, high-quality output. Enhanced media handling options include the full-width cutter or peel dispenser.

Change Ribbon Less Frequently
Able to accommodate a 300-metre ribbon, the GT800 gives you the ability to print more labels without changing the ribbon roll. Reduce printer oversight, time spent changing supplies and your total cost of ownership.

Meet Your Varying Application Needs
Offering optional 300 dpi and Unicode®, the GT800 enables you to print crisp characters, text, barcodes and graphics—even on smaller labels. Ensure your content is consistently readable and scannable, especially for non-Latin-alphabet languages.

The larger ribbon capacity and ease of use make the compact GT800 desktop printer an ideal, affordable choice.
